DID YOU KNOW?

What's the most popular
Christmas song ever?

"White Christmas" [by Irving Berlin]. It was recorded in 1940, but he had a deal it wouldn't be released until 1942, when Bing Crosby sang it the movie "Holiday Inn." It is the top-selling Christmas song of all time.

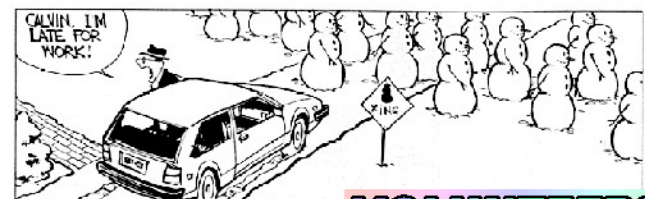

Xtreme Santa

FIRE IN THE SKY:

Recently at the CYS, flaming objects have been spotted flying high over head. No cause for alarm, these are model rockets, with a fun rating of 100 to 1. To explain, these are 100 times more fun than anything else for the 1 minute that they last. Unless they get stuck in a tree, then the fun can last days, weeks, even months while we wait for the rocket to blow down during the next high wind. So far, we have 6 launches and 5 recoveries. If you want to see our next launch, we try to launch on calm, clear days with no wind, usually around 4pm. Our sole missing rocket is a pink rocket with 6 multi-colored fins, if you happen to find it hang in the trees or bushes at your house, bring it on back and we will launch it again!
